

MASTER THESIS REVIEW

Author: Thi To Ngoc Do
Thesis: Balancing Agriculture and Tourism in Vietnam by Agritourism and Recommendations
Reviewer: Professor Maria Sassi

Content

*The thesis analyses the state of agritourism in Vietnam. The structure of the thesis lacks clarity and compromises the understanding of its content. The methodology is not fully justified and results lack of appropriate discussion and critical analysis.
The thesis is on surface level.*

Literature and references

The thesis refers to a basic literature but some statements lack reference.

Formal requirements

The language is sufficient but can be subject to an important improvement. The text presents a poor consistency and coherence.

Topics for discussion

The value added provided by the internship to the thesis writing.

Overall evaluation and proposed grade

The most relevant problem of the thesis is the presentation of knowledge in an accurate way.

I do recommend the thesis for defense with grade D.
